Thank you for the sample photos. Overall we are very happy with the set. Below are a few small points and questions. For the keys we mention, please also see the attached photo with the red boxes (next page).

谢谢您拍的样品照片。整体上我们对这套键帽非常满意。下面是几个小问题和疑问。我们提到的按键，请同时参考附在下一页的带红框照片。

- 1 The set is already very good, and we really like the colors.
这套键帽已经非常好，颜色我们也很喜欢。
- 2 Could the black caps be made a little more matte?
黑色键帽可以做得再哑光（更不反光）一点吗？
- 3 Could you please send us one high-resolution photo of only the rose artwork?
可以麻烦您单独拍一张玫瑰图案的高清照片发给我们吗？
- 4 A few questions about the legends (the printed characters):
 - Are the legends final now?
 - Some legends look a little crooked / not centered.
 - On the % / 5 and & / 6 keys, the legend looks a bit close to the edge (this may be the camera angle).
 - The small rose on the key next to PAUSE is not centered.
 - Please see the red boxes in the attached photo for the keys we mean: % / 5, & / 6, I, PAUSE, the small rose next to PAUSE, STRG, WIN, ALT, MENÜ, and the Up / Down arrow keys.
 - Before you send me the set, will there be a final quality check of the legend position and spacing on all keys?

关于字符（印刷的字母 / 符号）我们有几个问题：

字符现在是最终版本了吗？

有些字符看起来有点歪 / 没有居中。

% / 5 和 & / 6 这两个键的字符看起来有点靠近边缘（也可能是拍照角度的原因）。

PAUSE 旁边那个键上的小玫瑰没有居中。

我们指的按键请看附图里的红框：% / 5、& / 6、I、PAUSE、PAUSE

旁边的小玫瑰、STRG、WIN、ALT、MENÜ，以及上 / 下方向键。

在把这套键帽寄给我之前，会不会对所有按键的字符位置和间距做最后的质量检查？

- 5 On the spacebar, please remove "SUBSET". We will either leave it blank or replace it with our brand name "DeltaSet". We will confirm the final choice with you.

空格键上的 "SUBSET" 请去掉。我们会选择留空，或者换成我们的品牌名

"DeltaSet"。最终用哪个，我们会再跟您确认。

Thank you very much!

非常感谢！
